WILLINGBORO MUNICIPAL UTILITIES AUTHORITY

AUTHORITY BUDGET

FISCAL YEAR: **FROM:** January 1, 2019 **TO:** December 31, 2019

Answer all questions below. Attach additional pages and schedules as needed.

1. Complete a brief statement on the 2019/2019-2020 proposed Annual Budget and make comparison to the 2018/2018-2019 adopted budget for each operation. Explain any variances over +/-10% (**As shown on budget page F-4 explain the reason for changes for each appropriation changing more than 10%**) for each line item by operation. Explanations of variances should include a description of the reason for the increase/decrease in the budgeted line item, not just an indication of the amount and percent of the change. Attach any supporting documentation that will help to explain the reason for the increase/decrease in the budgeted line item. For example, if anticipated service charges have increased 15% due to an increase in rates, provide a copy of the resolution authorizing the rate increase.

In the 2019 budget, the administration budget increased by \$148,260.00 or 8.2% and the cost of service budget increased by \$220,565.00 or 3.7%.

The Authority is continuing to make extensive capital improvements. These improvements require evaluation and assessment of equipment and systems. As a result, the debt service appropriation increased by \$166,746.00 or 9.0%, while the non-operating appropriations decreased by \$681,600.00 or -28.4%. The Authority decreased the Renewal and Replacement Appropriation in the 2019 Budget in an effort to lessen the impact on a potential rate increase.

The most significant changes in the annual budget from 2018 to 2019 are in the Administration – Salary and Wages, Cost of Providing Service – Fringe Benefits and Municipality Appropriation lines. The reason for the expected changes are as follows:

- 1. The increase for Administration – Salary and Wages (\$94,000.00, 13.6%) can be attributed to a contractual contract increase.**
- 2. There is also an increase in the Administration – Fringe Benefits (\$54,260.00, 13.8%) and Cost of Services – Fringe Benefits (362,665.00, 30.5%) due to an anticipated increase in the medical insurance premiums and pension costs.**
- 3. Finally, there is an increase in the Municipality / County Appropriation (50,000.00, 33.3%) as a result of the Authority decided to contribute an increased appropriation.**

2. Complete a brief statement on the impact the proposed Annual Budget will have on Anticipated Revenues, especially service charges and on the general purpose/component unit financial statements. Explain significant increases or decreases, if any. An increase or decrease is considered significant if it is over +/-10% (**As shown on budget page F-2 explain reason for change for each revenue changing more than 10%**) from the current year adopted budget.

The Authority will be introducing a new rate for water at the December board meeting to be effective for the 2019 calendar year. The main reason for the rate increase is the increase in debt service and capital expenses.

There is an increase in Interest Earned (\$7,500.00, 68.2%) as a result of increased interest rates.

3. Describe the state of the local/regional economy and how it may impact the proposed Annual Budget, including the planned Capital Budget/Program.

The aging population of Willingboro continues to result in decreased usage since senior citizens tend to use less water. Also, as a result of high unemployment, the Authority has experienced an increase in delinquent accounts.

4. Describe the reasons for utilizing Unrestricted Net Position in the proposed Annual Budget, i.e. rate stabilization, debt service reduction, to balance the budget, etc. If the Authority's budget anticipates a use of Unrestricted Net Position, this question must be answered.

To fund the Willingboro Township appropriation.

5. Identify any sources of funds transferred to the County/Municipality as a budget subsidy or a shared service and explain the reason for the transfer (i.e.: to balance the County/Municipality budget, etc.).

To help balance the Willingboro Township's budget.

6. The proposed budget must not reflect an anticipated deficit from 2019/2019-2020 operations. If there exists an accumulated deficit from prior years' budgets (and funding is included in the proposed budget as a result of a prior deficit) explain the funding plan to eliminate said deficit (N.J.S.A. 40A:5A-12). If the Authority has a net deficit reported in its most recent audit, it must provide a deficit reduction plan in response to this question. **(Prepare a response to deficits caused by the implementation of GASB 68)**

The Authority's recording of the Net Pension Liability as a result of GASB Statement 68 resulted in the Authority's unrestricted net position ending the fiscal year in a deficit. If the liability was not recorded, the Authority's unrestricted net position would not be a deficit. The Authority will continue to pay its annual contractually required contribution to the Division of Pensions which contains an amount to fund its unfunded accrued liability and monitor the investments held by the State Division of Pensions in hopes that the liability will decrease and eliminate the deficit. If or when the Authority is informed that it must pay its unfunded pension liability, it will then address how the liability will be funded and the impact it will have on its rates. It would best serve the Authority and its rate payers, if the deficit was eliminated over a five to ten-year span.

7. Attach a schedule of the Authority's existing rate structure (connection fees, parking fees, service charges, etc.) **if it has been changed since the prior year budget submission** and a schedule of the proposed rate structure for the upcoming fiscal year. Explain any proposed changes in the rate structure and attach the resolution approving the change in the rate structure, if applicable.

There is no change anticipated for the sewer rates.
